Recommended when ...	A problem is well defined, or a person-centred review (PCR), or planning with adults for next steps.	Answering one to two question with guidance on next steps.	Answering two to four questions, identification of a SpLD, contribution to ASD & ADHD diagnoses, & pre-EHCP application.

Please note: All times are approximate and include preparation, write-up, and follow-up as described. Different fees apply to organisations. Please see our [website](#) or [contact us](#) for more information. *We do not diagnose Autism or ADHD. This can only be done by a paediatrician or psychiatrist. We can provide a **psycho-social assessment** that contributes to the diagnosis process. [Full T&Cs are available on](#)
